

Better Outcomes from SEND meetings

Free interactive session for parents and carers

Thursday 10th October

10.00– 12.30

The Ockment Centre, North Street, Okehampton, EX20 1AR

If you have a child or young person with special educational needs or a disability, and you want to get more out of your meetings with their school or college, then this training is for you.

Better Outcomes from SEND Meetings is an interactive session for parents, carers and special guardians. Using film clips based on real school meetings and discussion, you'll learn about ways to make meetings better for everyone, such as how to:

- get ready for meetings and prepare well
- manage when something unexpected happens or there's disagreement
- understand other people's views and why they behave the way they do
- end a meeting with agreement and a clear plan

"This is the best training I have been on as a parent carer, everyone should be offered it after diagnosis."
